# *GENESIS of JSSF, BENGALURU*

**Dada Chellaram Kripalani**

***Service*** *to the poor and needy is part of our ancient civilization. Dada Chellaramji Kripalani had chosen the path of service as a true follower of this philosophy since long. Dada together with Smt Ashadevi, his life companion is the force behind all our activities.*

*At Jai Shivshakti we focus on making the dependent families to stand on their own feet with dignity by providing Education and Vocational Training. Every year we are expanding by our association with many new initiatives and new field organizations.*

*During the year one of our focus areas was street children and to provide them support in education and creating necessary shelter. Left to themselves these children would have ended up taking drugs and brutalized by antisocial elements of the urban society. It is our collective responsibility to help such unfortunate children with love, care and education. This is new learning curve for us which we want to expand in coming years.*

***Over the years the seed sown by revered Dadaji has grown into a big tree supporting more than 26 organisations and educational institutions all over the country impacting the lives of thousands of families through service.***

**GIRLS HOSTEL - 300 BEDS FOR COLLEGE STUDENTS**

## *Education – New Initiatives*

### RESIDENTIAL SCHOOL FOR NEGLECTED AND NEEDY CHILDREN

1. **ASSAM**

JSSF supports Purbottar Vikas Parishad, Tinsukia in running a residential school for destitute children for the last 3 years. Presently they are running the institute in a temporary structure provided by a well-wisher. To accommodate more such children from rural villages, one acre land has been purchased with the support of well-wishers of Tinsukia. JSSF contributed to the construction of the School and Hostel for 200 children for which work is in progress.

2. **BENGALURU**

JSSF support 2 hostels – one for boys and another one for girls run by Surabhi Trust Foundation, Bengaluru

- Surabhi Tirtha Ashrama at J P Nagar for 20girls
- Jai Shivshakti Surabhi Boys Home at Byalkere, Magadi for 19 boys.

## *Education – New Initiatives*

### GRAMA SHIKSHANA CENTRE

Further we have started 20 Grama Shikshana centres from feeder villages to these High Schools. Through these centres we provide the children with basic learning level when they reach High School.

Locally appointed teacher takes care of tuition for 2-3 hours in the evening and motivate them to regular studies and activities. Simultaneously they educate villagers to take part in school activities. Village Development committees are set up to monitor the activities and start common developmental activities in the village.

## *Education – New Initiatives*

### ADOPTION OF GOVT SCHOOLS

JSSF adopted 9 High Schools located in Magadi Taluk, Ramanagar district which is 50 kms from Bengaluru. JSSF provided teachers in Science, Math and English on our payroll during school hours as there is shortage of teachers. The following activities also organised during the year

1. Organise special coaching for students, conducting children festival
2. Provide Uniforms and study materials
3. Improve infrastructure:

i. Drinking water & Toilet- separate for girls and boys

ii. Computer Lab, Science Lab and Library

iii. E - Learning Kit Project: JSSF in association with Rotary club introduced this kit. It is a tool that enables the Teacher to impart value education in core learning subjects with the aid of a projector and required software in the local teaching language. This enables the teacher to reach out to the subject better with the audio visual classes. The module consists of one LED Projector, Solar Panel with batteries wired to the classroom for power source and pre-loaded syllabus of 8, 9 & 10$^{th}$ std.

### Support Activities – Annual calendar

| | |
|---|---|
| 1 | Talent Search Fest for the Children from Class IV onwards. |
| 2 | Crash Course during Winter Vacation for 20 days for 10$^{th}$ Std. |
| 3 | Awards & Appreciation For Students & Staff |
| 4 | Career guidance for students after Class XII |
| 5 | Personality Development Camps for students during summer holidays from nearby villages in all the schools for 7days |

## *New Initiatives*

### DRINKING WATER PROJECT @ VASANT WADI VILLAGE

There are many remote tribal villages in in Kinwat Taluk, Nanded district comprising Gond and Kolam tribes' villages. These villages are located on hills and water source is either in the deep valley or located very far from the households. People as well as cattle in these villages need to travel a lot for water every day. During the visit to we come across extreme scarcity of water for most part of the year. Out of which JSSF selected one village called Vasantwadi with 300 people and 500 cattle population.

Project is implemented with community participation. Village Energy committee formed and every village household contributed their might to make this project successful. JSSF provided pump, solar panels and technical assistance Villagers got drinking water at their doorstep in the month of January 2018.

TECHNICAL DETAILS

- Pipeline length: 2700 m approximately
- Daily water requirement: 20,000 liters
- Estimated Solar PV capacity: 5000 Wp
